

CALIFORNIA AND EPA EMISSION CONTROL WARRANTY STATEMENT YOUR WARRANTY RIGHTS AND OBLIGATIONS

The **California Air Resources Board** (CARB) and the Environmental Protection Agency (EPA) are pleased to explain the **emission control system warranty** on your **2004** Model Year off-road large spark-ignition (LSI) engine. New off-road large spark ignition engines must be designed, built and equipped to meet stringent anti-smog standards in all 50 states. Hyster Company must warrant the emission control system on your engine for the periods of time listed below provided there has been no abuse, neglect or improper maintenance of your engine.

MANUFACTURER'S WARRANTY COVERAGE

The Model Year 2004-2006 off-road large spark-ignition engines are warranted for 3 years or 2,500 hours, whichever occurs first, unless indicated otherwise. If any emission-related part on your engine is defective, the part will be repaired or replaced by Hyster Company. Repairs must be made by an authorized technician.

Your emission control system may include parts such as the LPG mixer, regulator, fuel-injection system, ignition system, engine computer unit (ECM), catalytic converter and air induction system. Also included may be sensors, hoses, belts, connectors, and other emission related assemblies.

Fuel Metering System

- Air/fuel ratio feedback control system
- LPG Mixer** & associated parts
- Gasoline Injectors
- Regulators** and valves
- Throttle Control Devices*

Catalyst

- Catalytic Converter*
- Exhaust Oxygen Sensor

Air Induction System

- Intake Manifold**
- Exhaust Manifold

Positive Crankcase Ventilation System (PCV)

- PCV Valve
- Oil Filler Cap

Ignition Control System

- Engine Control Module (ECM)*
- Distributor**/Ignition Module
- Engine Wire Harness

Miscellaneous Items Used In Above Systems

- Vacuum, temperature, and time sensitive valves and switches
- Sensors used for electronic controls
- Hoses, belts, connectors, assemblies, clamps, fittings, tubing, wiring, sealing gaskets or devices, and mounting hardware
- Pulleys, belts and idlers

* Covered for 5 years or 3,500 hours of operation, whichever occurs first

** Mazda gasoline intake manifold, LPG mixer, LPG regulator and distributor are also covered for 5 years or 3,500 hours of operation, whichever occurs first.

Where a warrantable condition exists, Hyster Company will repair your LSI engine at no cost to you including diagnosis, parts and labor.

OWNER'S WARRANTY RESPONSIBILITIES:

- As the off-road LSI engine owner, you are responsible for the performance of the **required maintenance listed in your owner's manual**. Hyster Company recommends that you retain all receipts covering maintenance on your off-road engine, but Hyster Company cannot deny warranty solely for the lack of receipts or your failure to ensure the performance of all scheduled maintenance.
- As the off-road large spark-ignition engine owner, you should however be aware that Hyster Company may deny you warranty coverage if your off-road large spark-ignition engine or a part has failed due to tampering, abuse, neglect, improper maintenance or unapproved modifications to the engine or fuel control system.
- Your engine is designed to operate on Liquid Petroleum Gas or Gasoline as applicable. To confirm the fuel(s) this engine is capable of operating on, see the Important Engine Information label located underhood. Use of any other fuel may result in your engine no longer operating in compliance with CARB or EPA emissions requirements.
- You are responsible for initiating the warranty process. CARB and EPA suggest that you present your off-road LSI engine to an Hyster Company authorized dealer as soon as a problem exists. The warranty repairs should be completed by the dealer as expeditiously as possible.

If you have any questions regarding your warranty rights and responsibilities, you should contact Hyster Company at (252) 931-5852
