Jason Gouge
Stewart and Stevenson
Managing Director

Jason;

Congratulations! As the result of a rigorous sourcing process, Cameron would like to announce an award of business to Stewart and Stevenson. We look forward to implementing Stewart and Stevenson as one of our primary North American providers of Forklift Equipment and Services to our sites.

I personally would like to thank you for all of the hard work and communication that went into this initiative. Cameron conducted an intensive RFP process and took a "Total Cost" approach when considering all of the proposals in this process. Your company's proposal was considered one of the most value added proposals for Cameron, which is why your company was awarded the business.

As we move forward into implementation, we will look to Stewart and Stevenson to be closely engaged, and work with our sites and partners to initiate new pricing and seamlessly roll out process changes. I will be reaching out to you over the next few days to schedule an initial implementation team discussion, and finalize contract language. Cameron looks forward to continuing a strategic relationship with Stewart and Stevenson as we strive towards the reduction of total fleet costs.

Sincerely,

A handwritten signature in black ink, appearing to read 'Ken Johnson', written over a horizontal line.
