Dear Mr. Herrmann

Subject: National Account for Fork Trucks.

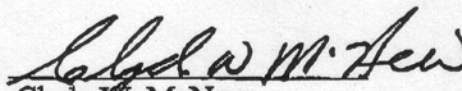

This letter is to confirm our discussions on March 26, 2006.

CONTECH policy is to purchase or lease major pieces of equipment thru our Manufacturing Engineering Department located in West Chester Ohio.

We will purchase or lease Fork Trucks, in accordance with this policy for all of the CONTECH plants and service yards.

We are aware that the HYSTER Company has a vast network of very capable dealers across the country that perform maintenance on our current fork truck fleet. Any of these dealers could fulfill our future needs for fork trucks. For obvious reasons we prefer to work with only one dealer near our West Chester Ohio Headquarter offices. M.H. Equipment Company in Cincinnati Ohio has fulfilled our needs for many years and we will continue to work with Ron Herrmann and Matt Guye when purchasing HYSTER products.

We cannot commit to a minimum number of Fork Trucks that will be purchased or leased each year, the long term partnership between the HYSTER Company and CONTECH has been beneficial to both companies and we intend to continue that relationship.

Sr. Director Manufacturing
