April 11, 2007

Dear Mr. Tulley:

Northern American Steel Alliance (NASA), Hyster Company and United Lift Truck (ULT), who is responsible for administering the account, hereby enter into a Dealer Managed National Agreement.

The initial term of this Agreement shall be three (3) years from April 11, 2007. Thereafter, this Agreement shall remain in effect until such time that one party has provided the other party with ninety (90) days written notice of termination.

Through this Agreement, ULT has extended most favorable National Account level pricing to NASA with provisions for the administrating dealer (ULT) and for all other local dealers who will be responsible for delivering your equipment and maintaining the equipment as requested. All orders are to be placed with ULT through the Bellwood IL office. ULT will be responsible for timely placement of factory orders and the coordination with the Hyster dealer network involving installation of new equipment at all locations.

NASA will receive a 4% rebate from the purchase price of all Hyster forklifts. This rebate shall be administrated by ULT. A rebate of 2% of purchase price will be offered on all non-Hyster equipment. This rebate will be paid on a quarterly basis.

Invoicing and payments are subject to prior credit approval of NASA members; payment for all Products or services under this Agreement, invoiced by ULT shall be Net 30 days from date of invoice. NASA members shall pay all applicable sales tax, installation and freight charges. If NASA members fail to make any payment when due, this may result in a forfeit of rebate.

Hyster warrants each new Hyster® Product purchased pursuant to this Agreement to be free of defective material and workmanship under proper use and service, in accordance with the terms of the warranty statement published by Hyster in effect at the time of acquisition of the Product. Hyster® replacement parts will be warranted for 6 months from the date of installation. Extended warranty periods are available at additional cost. Some locations and applications of NASA may benefit from extended warranties. Hyster recommends that equipment applications be reviewed with its National Account Manager and/or Dealer Personnel prior to purchasing extended warranties.

It is the responsibility of NASA to advise all their members of this Agreement and to provide ULT with up to date information regarding the affected NASA locations and contacts.

This is an Agreement for outlining mutually beneficial purchasing procedures only. NASA is not required to purchase Hyster lift trucks nor is this a binding agreement. ULT, Hyster Company and its exclusive dealers appreciate the confidence you have placed in us to professionally service
