

PRODUCT INFORMATION BULLETIN

1218.03B

December 18, 2003

Series Impact: C098

TO: ALL HYSTER DEALER PRINCIPALS, SALES MANAGERS, & SALES REPRESENTATIVES

FROM: PETER SIESSEL – VICE PRESIDENT, HYSTER MARKETING

SUBJ: E70-120XL3 Hood Assist Lever

A new hood assist lever is available as an option on E70-120XL₃ models.

Small operators may have difficulty operating the hoods on the E70-120XL3. To reduce the time and effort required to replace the truck battery, we have engineered a “Hood Assist Handle”. You can see a video of this feature in action on the “Cool SPED” site in the Digital Dealer area of the Hyster Company website.

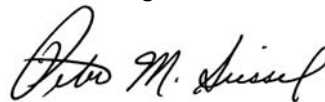

<http://208.31.0.208/CoolSPED/media/hoodassistlever.asp>

For new truck orders, add option Q134-10. A hood is required on the order. For field installation, kit 1507879 is available at the Parts Distribution Center (PDC). Consult the SPED Price Book and the PDC for price and availability.

If you have questions or comments, contact Applications Engineer Ryan Funk, at (252) 931-5945.

As always, we appreciate the support of our distribution network and the sales organization.

Sincere Regards,

Peter M. Siessel
Vice President of Marketing – Hyster Company
