

NEW! Lower Prices on Most Popular Interstate Batteries & 2011 Rebate

Have you noticed the new lower price on our most popular deep cycle batteries through the Interstate Batteries program? In addition to lower DN prices, these batteries also qualify for the 2011 Interstate Batteries Rebate.

If you purchase between 150 and 499 qualifying batteries during 2011 your location gets \$1.00 back in rebate for each purchase. When you purchase 500 or more qualifying batteries during 2011 your location gets \$1.50 back in rebate for each purchase. If all of your locations are purchasing Interstate Batteries and at least one location purchases 150 qualifying batteries, your corporate location receives an additional \$1.00 for each qualifying battery purchased during 2011; which is additional to the location rebate.

Quality product, lower DN pricing on our most popular program batteries and an annual rebate on purchases makes today a good day to make the change to our Interstate Batteries direct ship program.

Interstate Batteries PN	U.S. Hyster PN	Old DN (U.S.)	1/1/11 - 3/31/11 DN (U.S.)
Equivalent to old U-1800			
GC2-RD-UT	4026215	\$93.69	\$85.62
GC2-RD-UTL	4017272	\$93.69	\$85.62
Equivalent to old U-2200			
GC2-XHD-S	4017277	\$84.55	\$78.93
GC2-XHD-UT	4017274	\$84.55	\$78.93
GC2-XHD-UTL	4017275	\$84.55	\$78.93

Dealer Rebate on Purchases funded entirely by Interstate Batteries.
