

WE STILL BUILD THEM THE WAY WE USED TO ...

ONLY BIGGER!

The Stor-Loc® SW+® cabinet provides 700 square inches of storage space per drawer. Compared to the existing 625 square inches drawers available on the market today, the SW+® provides at least 12% (and up to 22%) more storage per drawer than any other comparable cabinet in the industry.

Now offering the Standard Wide Plus (SW+®) line at the same price of its current Standard Wide (SW) line of cabinets. Available in any cabinet height, the SW+® line provides the maximum value for small and medium tool storage.

**GET 12% -22%
MORE STORAGE AT
NO ADDITIONAL COST!**
