* Highest Non-High Lift Mast Rated at Full Capacity

Wide Tread listed for Lift Heights where capacity is dependant on Tread Width.
Wide Tread is required with 4-Stage FFL Mast.

Actual mast dimensions may vary slightly from nominal dimensions stated in price book. The designed Overall Lowered Height (OALH) is stated to the next higher full inch, and Maximum Fork Height (MFH) is stated to the next lower full inch, to allow for manufacturing tolerances.

For capacity estimates for other truck configurations or for trucks with attachments, consult your copy of the Hyster HY-Rater truck rating software.
Contact Applications Engineering if you have questions about the information above, or about a specific truck configuration.
