From: Rick Brass, Manager - Application Engineering
Subject: 4-stage QUAD Mast for H45-65XM
Date: November 22, 2002

We are pleased to announce the availability of Quad Masts for the H45-65XM. New sales option codes have been set up, in the SPED Price Book, for Quad Masts and related front-end equipment.

The Quad Mast will be manufactured in our Berea, KY factory. The truck will ship direct from our Northern Ireland (NI) Factory and the mast, carriage, hose groups, LBR, and Sideshift assembly will ship from our U.S. Factory in Berea, KY. The truck and front end equipment will meet at your dealership for local installation.

Revised price pages are available online in the SPED Price Book Website. Below is a summary of the new QUAD Mast and related front-end options.

MAST-QUAD (FOR LOCAL INSTALLATION)

Note: The truck will ship direct from our Northern Ireland (NI) Factory and the QUAD mast (and related front-end equipment) will ship from our US Factory in Berea, KY. The truck and mast will meet at your dealership for local installation. Requires Solid Tires and Wide Tread.
