

THE PORT AUTHORITY.

HYSTER CONTAINER HANDLING

See How We Stack Up.

Want a rugged fleet of lift trucks to keep your terminal operating at maximum throughput? The Hyster fleet of container handling equipment can handle up to 101,000 pounds (40,000 kg) under the spreader, giving you the strength to move even the heaviest cargo anywhere it needs to go. All of our trucks feature the ergonomically advanced *ComforCab II™*, so your operators will feel right at home. With outstanding productivity, durability and comfort built into each truck, no matter how you look at it, Hyster Company is the only smart choice for container handling.

Call 1-800-HYSTER-1 or visit www.hysteramericas.com.
