	Parts Manual - CD (Serial Number Specific, Distributed by Literature Distribution House).....	301-30	90. Net	-
NOTE: Given the customized nature of this serial number specific manual, it cannot be returned or refunded. A Hyster Serial Number specific parts manual highlights in Bold Type those part numbers that are particular to an individual serial number unit. The manual also includes a section listing Special Products (SPED) options that were assembled on the unit prior to shipment from the manufacturing facility. Although every effort has been made to highlight each part specific to the actual serial number, the highlighting feature may not be 100% complete for all component assemblies; therefore, the manual also provides a listing of all other standard serviceable parts available in the unit's series. Hyster shall not be responsible for any errors or omissions. As an alternative, a series specific manual (without the bold type listings and SPED) is still available through normal ordering procedures at the Literature Distribution House.

PRICE LIST

S135-155XL2

Series Code B024

MASTS (Cont'd.)

NOTICE: Before final mast selection, consult High Lift Sheets, any tire restrictions will be shown there. Contact Applications Engineering if special lift heights are critical. Units shipped from Greenville or Berea into the North American market having a lowered mast height in excess of 109 or 125 inches, respectively, will be shipped with the mast removed from the truck. Units shipping into the Latin American / Caribbean market will have the mast removed for lowered mast heights in excess of 89 inches. Should mast removal be desired for masts with lowered heights less than those outlined, please use the option code as noted for the appropriate series.
