SUBJ: Rear Mounted Mirror Kit for S80-100XMBCS / S120XMS & S120XMSPRS Models

As a result of Hyster Company's continuous product improvement process; a rear mounted mirror kit is being released to improve visibility on LPG fuel powered S80-100XMBCS (Box Car Special), S120XMS and S120XMPRS products equipped with the EZXchange™ LP tank bracket option # 871-01. Beginning on November 15, 2004, all units listed above that were equipped with the EZXchange™ LP tank bracket were shipped with this mirror already installed.

For units built prior to November 15, 2004, Hyster Company will supply a rear mirror upgrade kit p/n 1580957 at no cost for units requiring an upgrade through our Field Product Improvement (FPI) Program. FPI #041013 will be released shortly. Each kit will include the parts needed to perform this upgrade, a set of instructions and drawings. Please ensure your technicians review the instructions **prior** to performing the modification to assure familiarity with the steps involved.

Serial Number Range: E004V01551Z through E004V04009A

A listing of the trucks that have been shipped to your dealership or main branch will be mailed to your location. If any of these units have been moved to a new location, please ensure you update our database via the normal procedures and fax a copy of the Installation Report to 215-249-1876, send the originals to Greenville, NC. Upon completion of this modification, your dealership will be authorized to submit a warranty claim for labor, travel time, and parts as defined in the FPI. For your convenience, pictures of this upgrade are included on the second page of this bulletin. Please direct any questions regarding this program to Ryan McLawhorn at 252-931-5334.

As always, we appreciate the support of our distribution network and the sales organization.

Sincere regards,
